THE FRONT 9.

THE BACK 9.

HOLE 10

Gallows Hill
Par 4 : 339 Yards

It looks straightforward from the tee but keep your tee shot up the right hand side of the hole for an easier approach to the green. The green, itself, is not an easy read.

HOLE 11

Pavilion
Par 4 : 440 Yards

A drive over the pole is the perfect play. On the approach you should land your ball short of the green and run up towards the flag.

HOLE 12

Home
Par 4 : 432 Yards

It is essential to find the fairway from the tee. Ranked the hardest hole on the course you need to be careful with your approach as anything left is as good a gone.

HOLE 13

Majuba
Par 4 : 316 Yards

The short par 4 should still be approached with care. A tee shot short of the pole gives the best view of the green. The green itself can be tricky to hold as it slopes off to the left.

HOLE 14

Prince Charlie
Par 4 : 342 Yards

Aim left of the pole off as plenty of danger lies on the right. The approach shot needs to fly all the way to the green as your ball could stay short if it lands short.

HOLE 15

Boathouse
Par 4 : 306 Yards

A short par 4 but you are better left of this hole than right. The Approach shot has to be up as a soft landing and you won't make the green.

HOLE 16

Short
Par 3 : 150 Yards

The shortest hole on the course but it still needs to be treated with respect. The beach lies to the left and a big bunker on the right awaits a loose effort. Club selection is key.

HOLE 17

Billows Lime
Par 4 : 364 Yards

The right hand side of the fairway is the place to be. As far right you dare. This will give you a good angle into the green. Be careful on approach, a shot landing before the green will be the best play.

HOLE 18

Springbok
Par 5 : 548 Yards

The play from the tee, is to aim at the Fisherman's shed. Don't be too greedy with your second shot as trouble lurks to the left and right of the hole.
